

BLACK HOG

BREWING CO.

Black Hog Brewing Co. was founded in 2014 when 3 friends went on a quest to unite their friends and family with great local beer while supporting the community around them. They purchased a brewery in Oxford, CT with a commitment to brew beers with a focus on drinkability. Having always gathered with friends and family for large pig roasts, of which they only roast the Berkshire variety, the name Black Hog Brewing seemed right for this joyous occasion. We hope you enjoy!

Cheers!
